Total, BA	\$2,758,000,000	\$2,717,000,000	\$2,717,000,000	\$0

General Statement

The Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996 (P.L. 104-193) combined child care entitlement programs with different target populations (AFDC Child Care, Transitional Child Care and At-Risk Child Care) with the Child Care and Development Block Grant (CCDBG) Act of 1990, as amended. Effective October 1, 1996, the discretionary and mandatory child care funding under this Act, designated the Child Care and Development Fund, allows States maximum flexibility in developing child care programs and enables States to use resources more effectively to meet local needs. The Child Care and Development Fund includes Mandatory, Matching, and Discretionary components. (See also discussion in the Child Care and Development Block Grant section.)

CHILD CARE ENTITLEMENT

Authorizing Legislation – Legislation to reauthorize Title IV-A, section 418 of the Social Security Act, as amended is pending congressional action.

2002 Enacted	2003 President's Budget	2004 Estimate	Increase or Decrease
\$2,758,000,000	\$2,717,000,000	\$2,717,000,000	\$0

2004 Authorization.....\$2,717,000,000 (reflects reauthorization level for this program as proposed in the President's FY 2003 Budget Request)

Purpose and Method of Operation

The Child Care Entitlement Fund provides grants to States and federally recognized Tribes for the purposes of providing low-income families with financial assistance for child care, improving the quality and availability of child care, and establishing or expanding and conducting early childhood programs and before-and-after school programs.

In conjunction with the Child Care and Development Block Grant, these funds will:

- Allow each State maximum flexibility in developing child care programs and policies that best suit the needs of children and parents within each State;
- Promote parental choice to empower working parents to make their own decisions on the child care that best suits their family's needs;
- Encourage States to provide consumer education information to help parents make informed choices about child care;
- Assist States in providing child care to parents trying to achieve and maintain independence from public assistance and assist other low-income working parents to maintain quality child care services for their children; and
- Assist States in implementing the health, safety, licensing, and registration standards established in State regulations.

Mandatory Child Care -- Mandatory funds are allocated to Grantees based on historic levels of Title IV-A child care expenditures.

Matching Child Care -- Matching funds are those remaining after Mandatory funds and the two percent of the appropriation set aside for Tribes and tribal organizations are allocated. Matching

funds are available to States if three conditions are met by the end of the fiscal year in which Matching funds are awarded: (1) all Mandatory funds are obligated; (2) the State's maintenance-of-effort funds are expended; and (3) the State provides its share of Matching funds at the FMAP rate. Unobligated funds not spent by States will be available for reappropriation in the next fiscal year.

Training and Technical Assistance -- In accordance with 45 CFR paragraph 98.60(b)(1), the Secretary may withhold no more than $\frac{1}{4}$ of one percent of Child Care Development funds made available for a fiscal year for the provision of training and technical assistance to States.

Rationale for the Budget Request

The FY 2004 request of \$2,717,000,000 -- the same level as the President's FY 2003 budget request -- will provide funding to assist States in meeting the critical child care needs of families. The Child Care Entitlement Fund helps States and communities to build the supply of high quality, affordable child care. The funds will continue ACF's commitment to providing resources that allow families to become and remain self-sufficient and productive members of society. These funds also allow families to access quality child care, which promotes child development, literacy, and school readiness. All segments of society -- parents, schools, employers, health providers, faith-based institutions and other charitable agencies, States and the Federal government -- must be involved to ensure access to quality child care.
